

Group Project Resource Request

Engineering Innovation ENGN3230

Please complete this form and return it in the assignment called Resource Request for the group project. Ensure that there is only one form per group. If there are multiple forms the final one received will be treated as correct.

Group:

Put a cross against any of the following facilities you propose to use in prototyping:

☐ 3D printers

☐ Electronics tool set (soldering iron, multi-meter, bread-board etc)

☐ Metalwork hand tool set (saw, scribe, square etc.)

☐ Power tools in Engineering Workshop

☐ CNC machine in Engineering Workshop

☐ Arduino development Board
